I "Unfortunately, the more industrialized we become the farther away we move from direct contact with plants, and the less distinct our knowledge of botany grows."

* Find in the above passage;

- A capitalization mistake.
- Two grammatical mistakes.
- Two spelling mistakes.

II Answer the following questions.

The first one is answered.

1 - What does the comment "This is logical" in line (9) mean?

There is no clear way to determine the extent of our ancestor's knowledge of plants

2 - Why has general knowledge of botany begun to fade?

3 - What is the author's purpose in mentioning "a rose, an apple, or an orchid"?

4 - Translate the first paragraph into Arabic.

5 - Write a paragraph on "planting trees".
